

### The benefits of working with Iso-Quality Testing Center:

- Maximize your exam's availability by offering your exam in our world-wide locations
- User-friendly testing center web-based support system plus phone access to support staff
- Full control to view reports for candidate scores, revenue, and other common tasks at your convenience
- Candidates can register to take an examination at their preferred test center 24/7 through our online, real-time reservation system

**Optimize your candidates' testing experience with Iso-Quality Testing**

### Test Center administration basics:

All proctors are certified by Iso-Quality Testing prior to administering examinations. A secure log-in is provided to proctors to access the administration. In addition, candidates are provided with a separate log-in. Both are required to launch your test only after the candidate is checked in correctly at the test center. Upon launching, the candidate starts a short tutorial to familiarize them with the easy navigation through the system. Exams can be limited to a specific lengths of time and will abruptly end at the pre-determined time. Immediate preliminary score reporting is available at each site. All Iso-Quality Testing centers are required to meet strict standards in security and equipment.

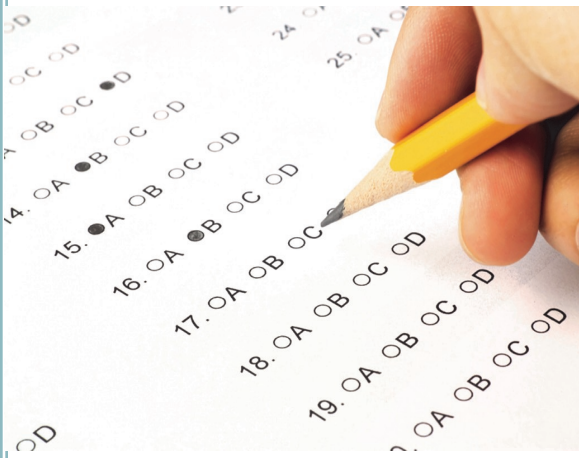

### Support provided to Clients:

- Real-time email and phone service support available 24/7
- Confirmation of upcoming test appointment(s) sent to candidates and reminder notifications.
- Instant score reporting available
- Online access to many client reports

**Iso-Quality Testing offers flexible payment collection options for your candidates**
